1955 - WHOLESALE PRICE LIST OF DAYLILIES - 1955

Prices listed are for strong divisions, guaranteed healthy and correctly labeled. Cash with order. No C.O.D.'s accepted. Plants shipped via express, charges collect. Minimum wholesale order \$3.00. Shipment of daylilies begins about March 15. We earnestly advise early ordering for spring planting. This list cancels all previous price quotations. See retail catalog for descriptions of varieties.

NOTE: Daylilies are extremely valuable to nurserymen and landscapers for use in foundation plantings; as low blooming hedges; for bordering walks and driveways; and for naturalizing. They combine well with iris, peonies, etc. in a hardy mixed border.

We can supply larger quantities of some varieties. If interested, write for special quotations or list varieties wanted.
